

God Makes the World

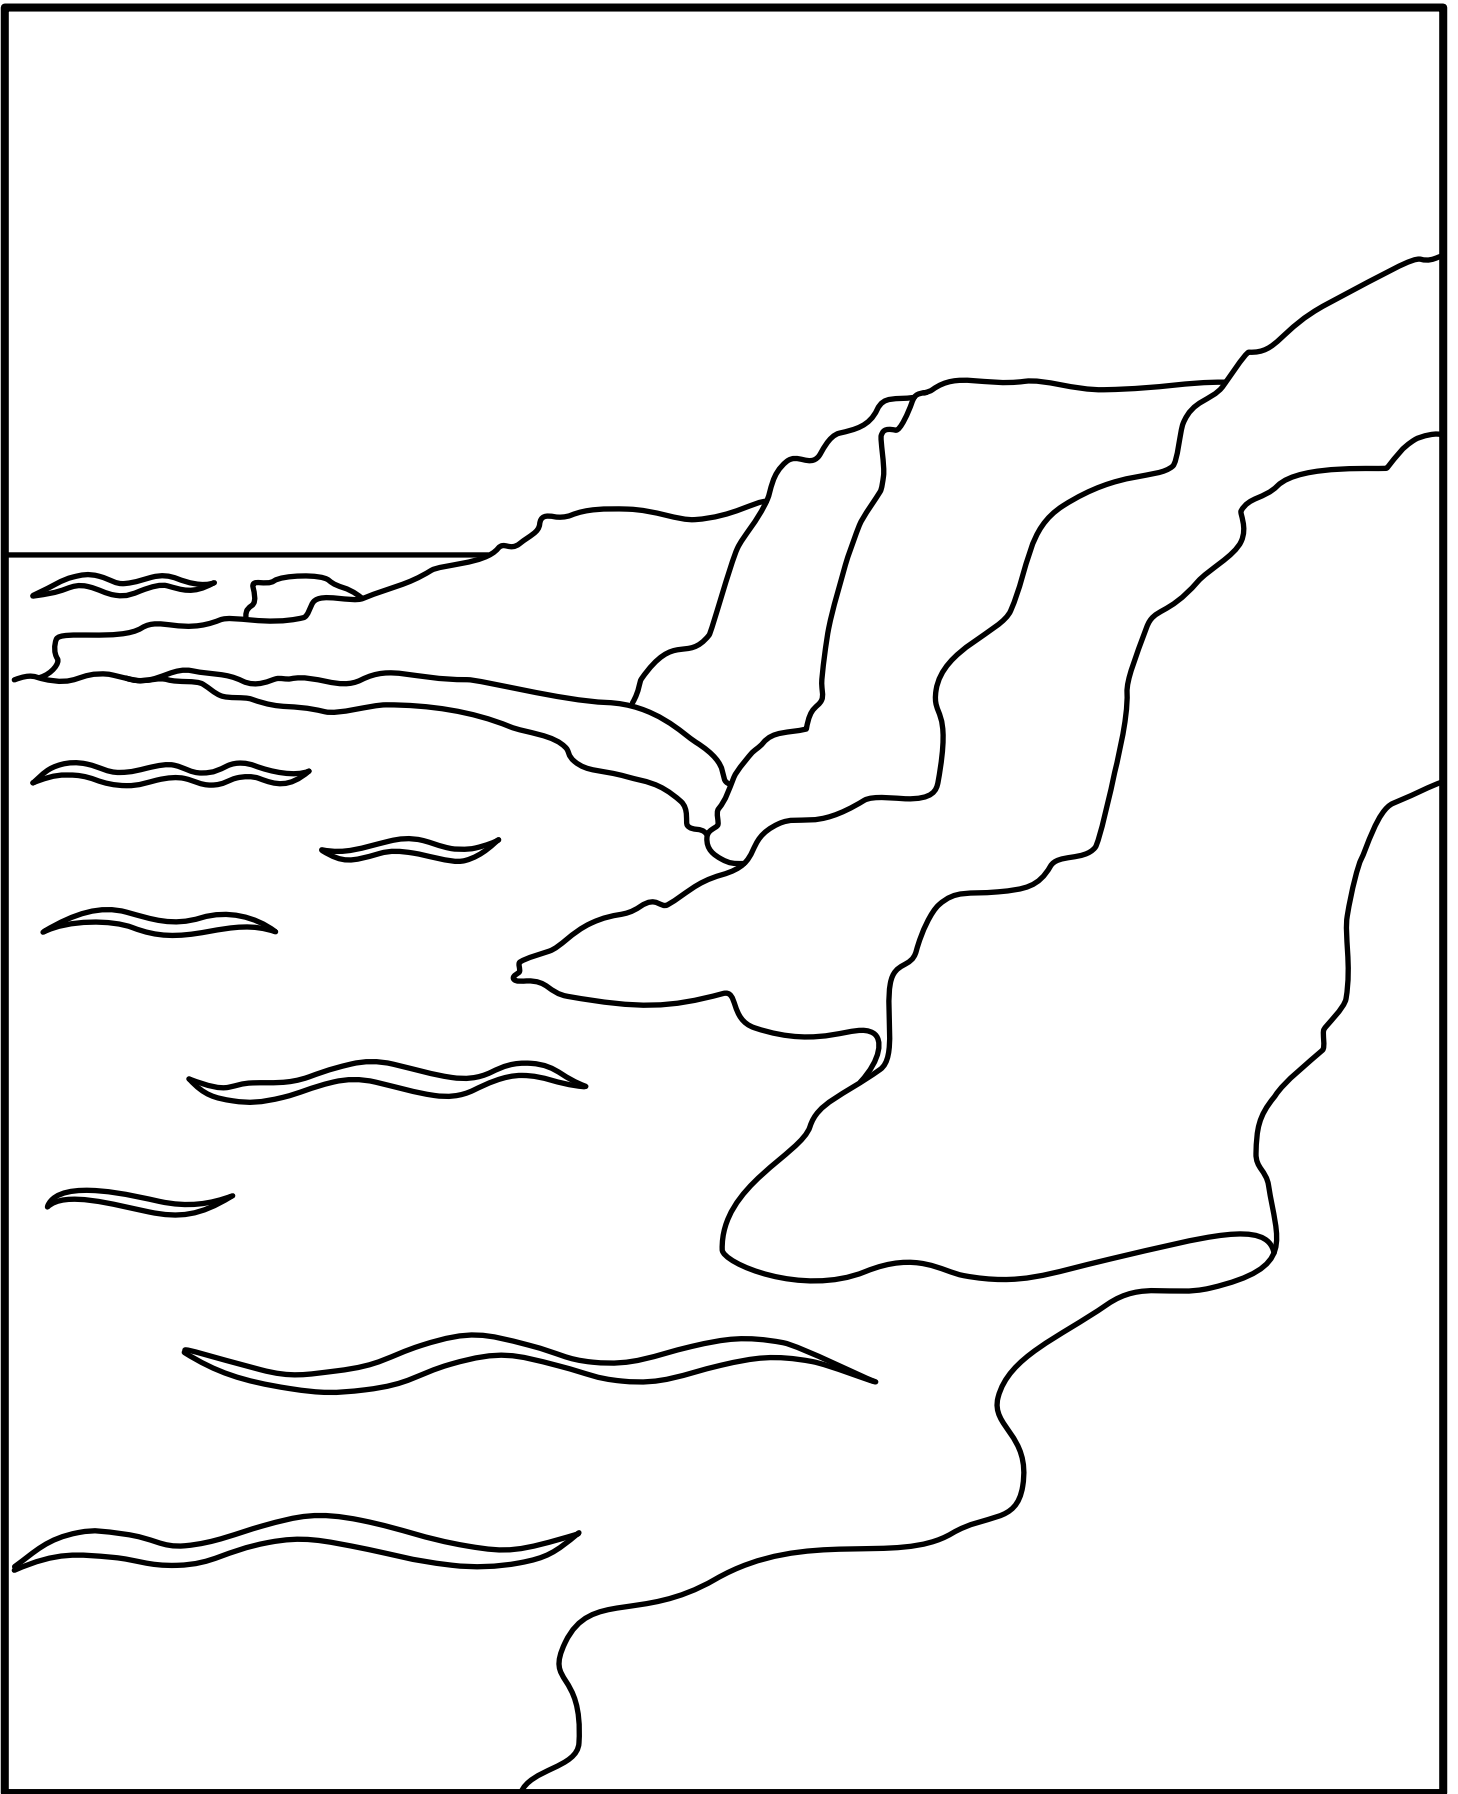

God created light.

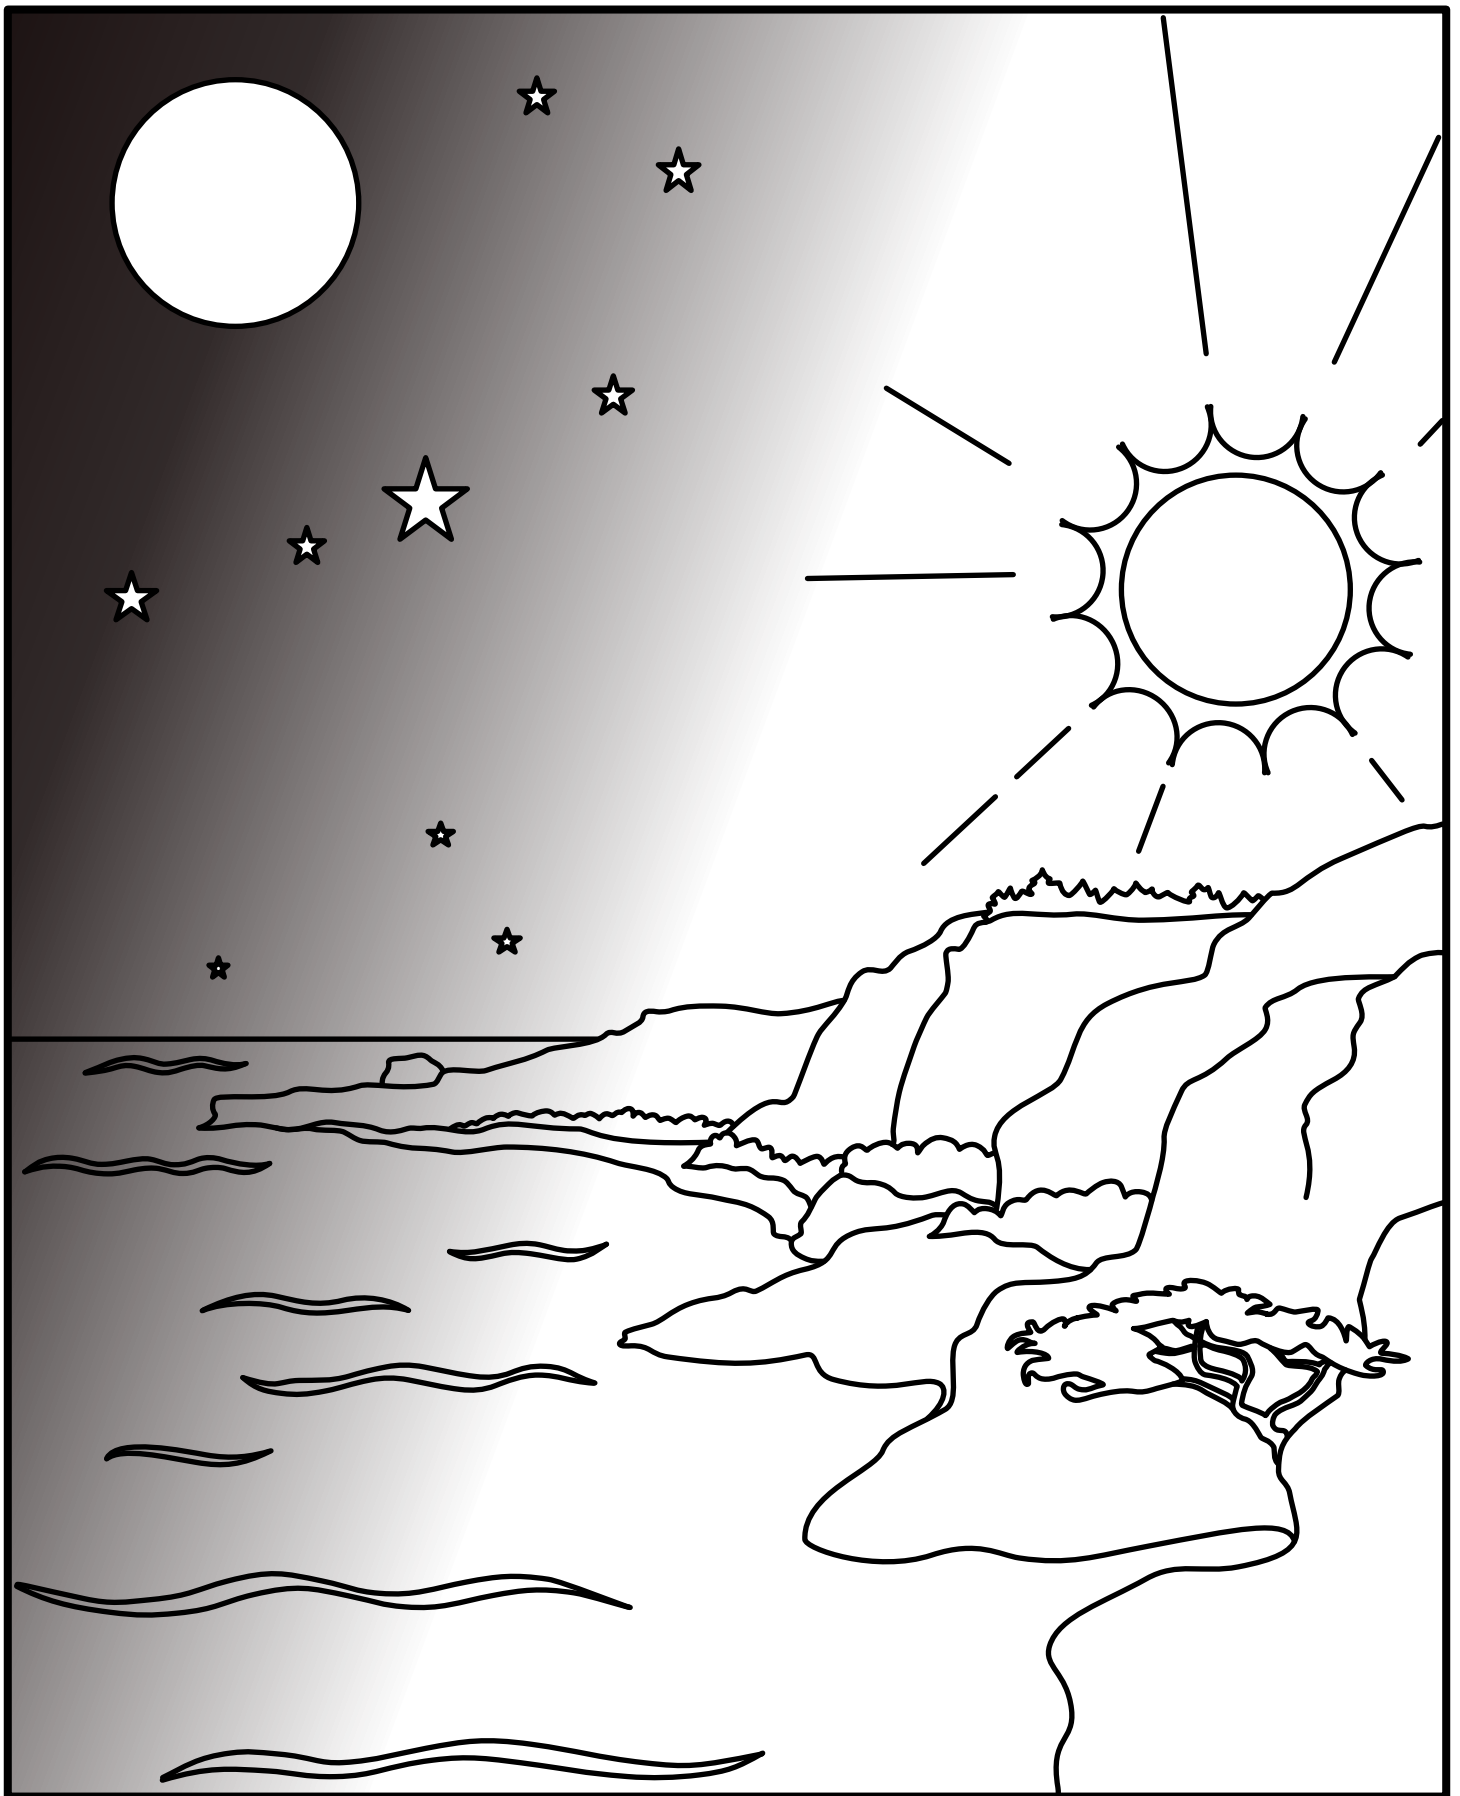

God made the sky.

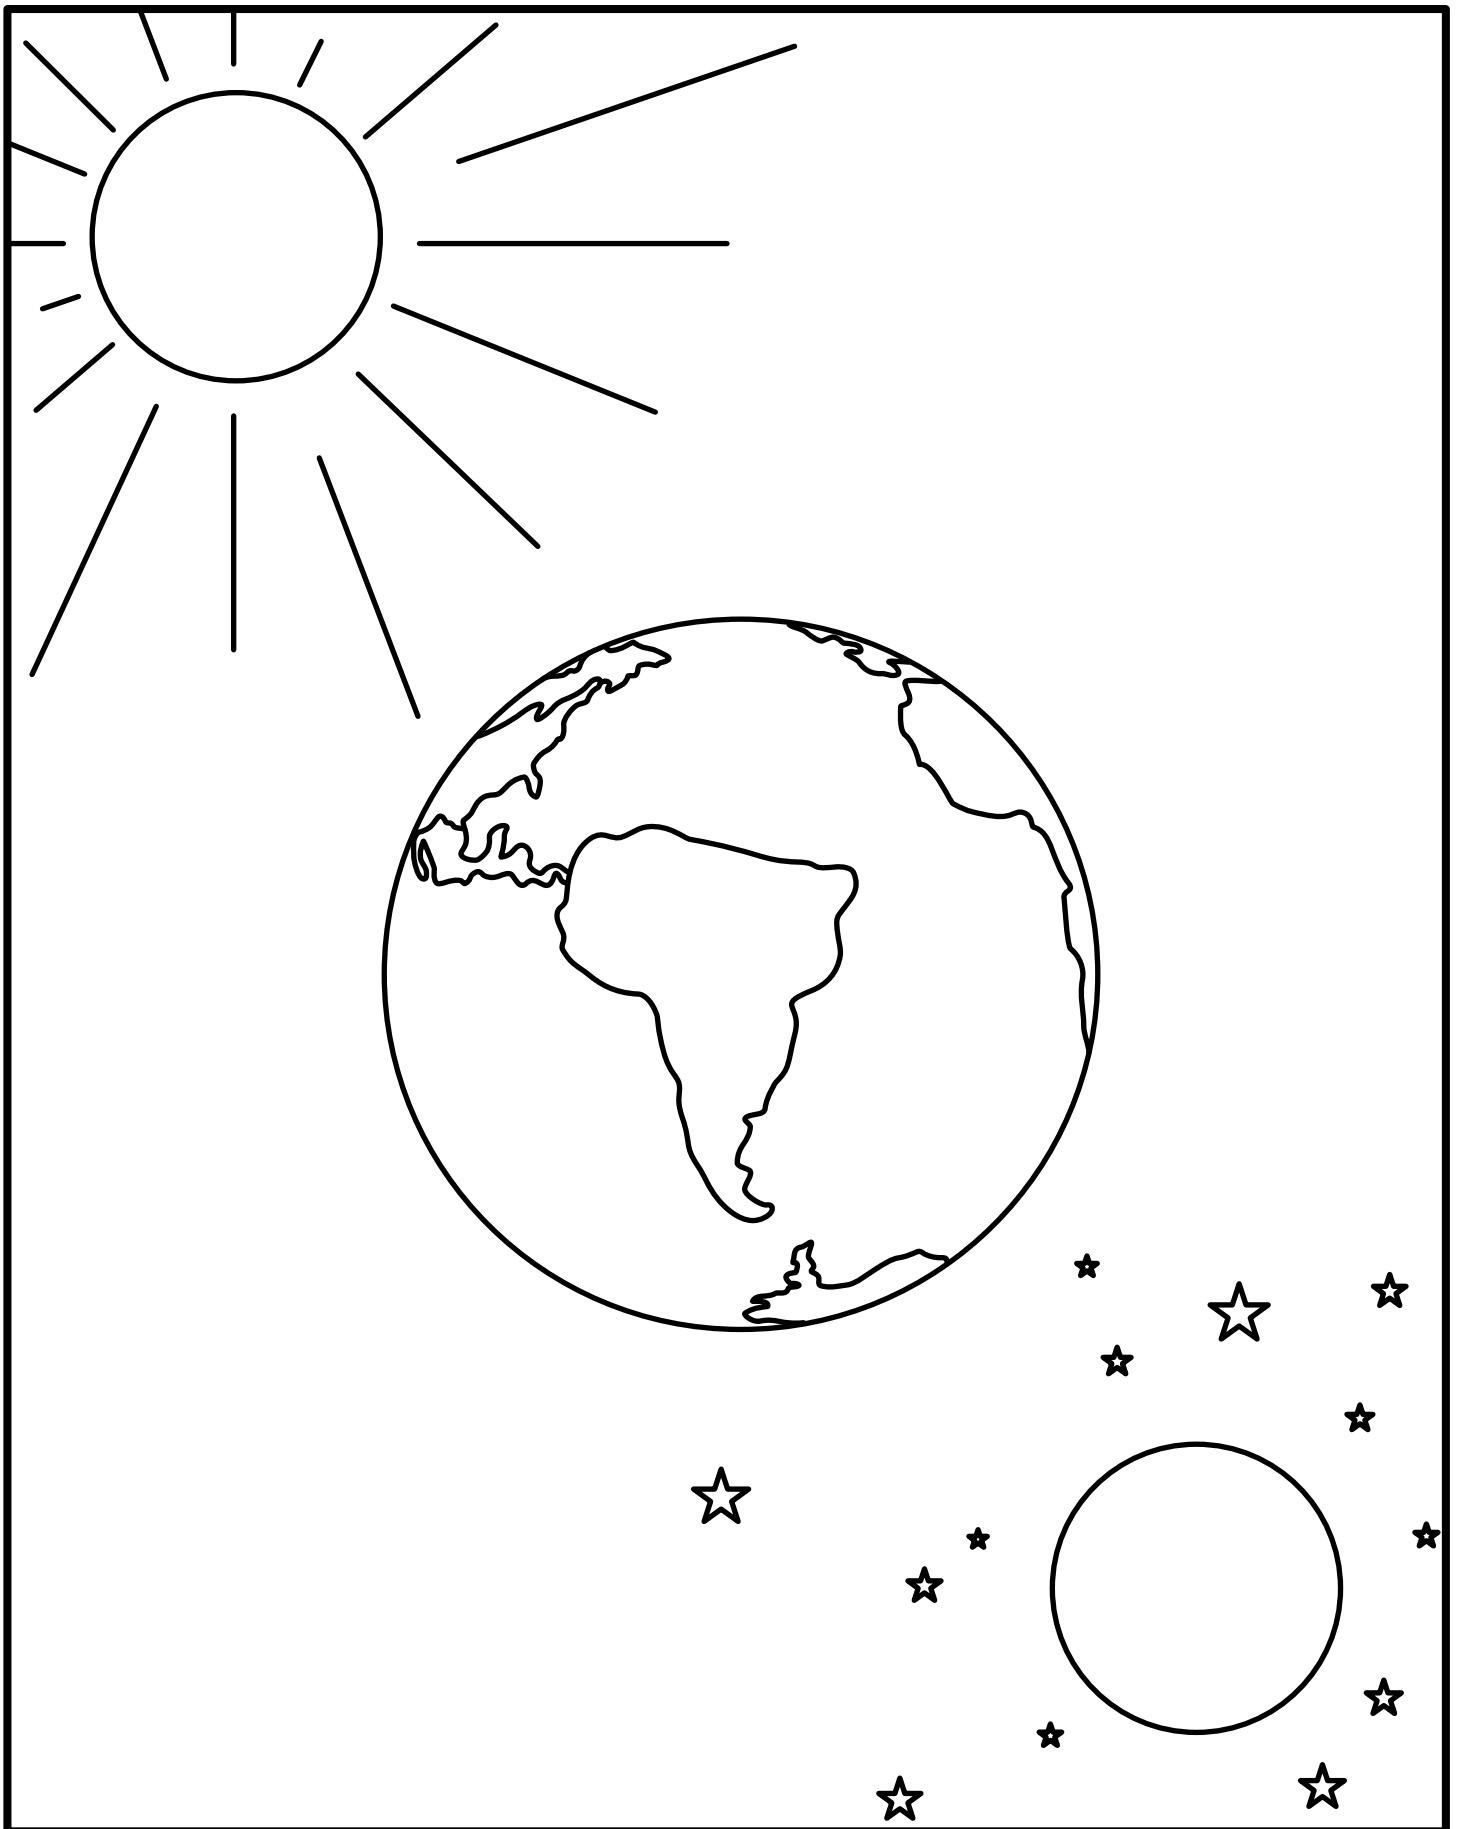

God made the land.

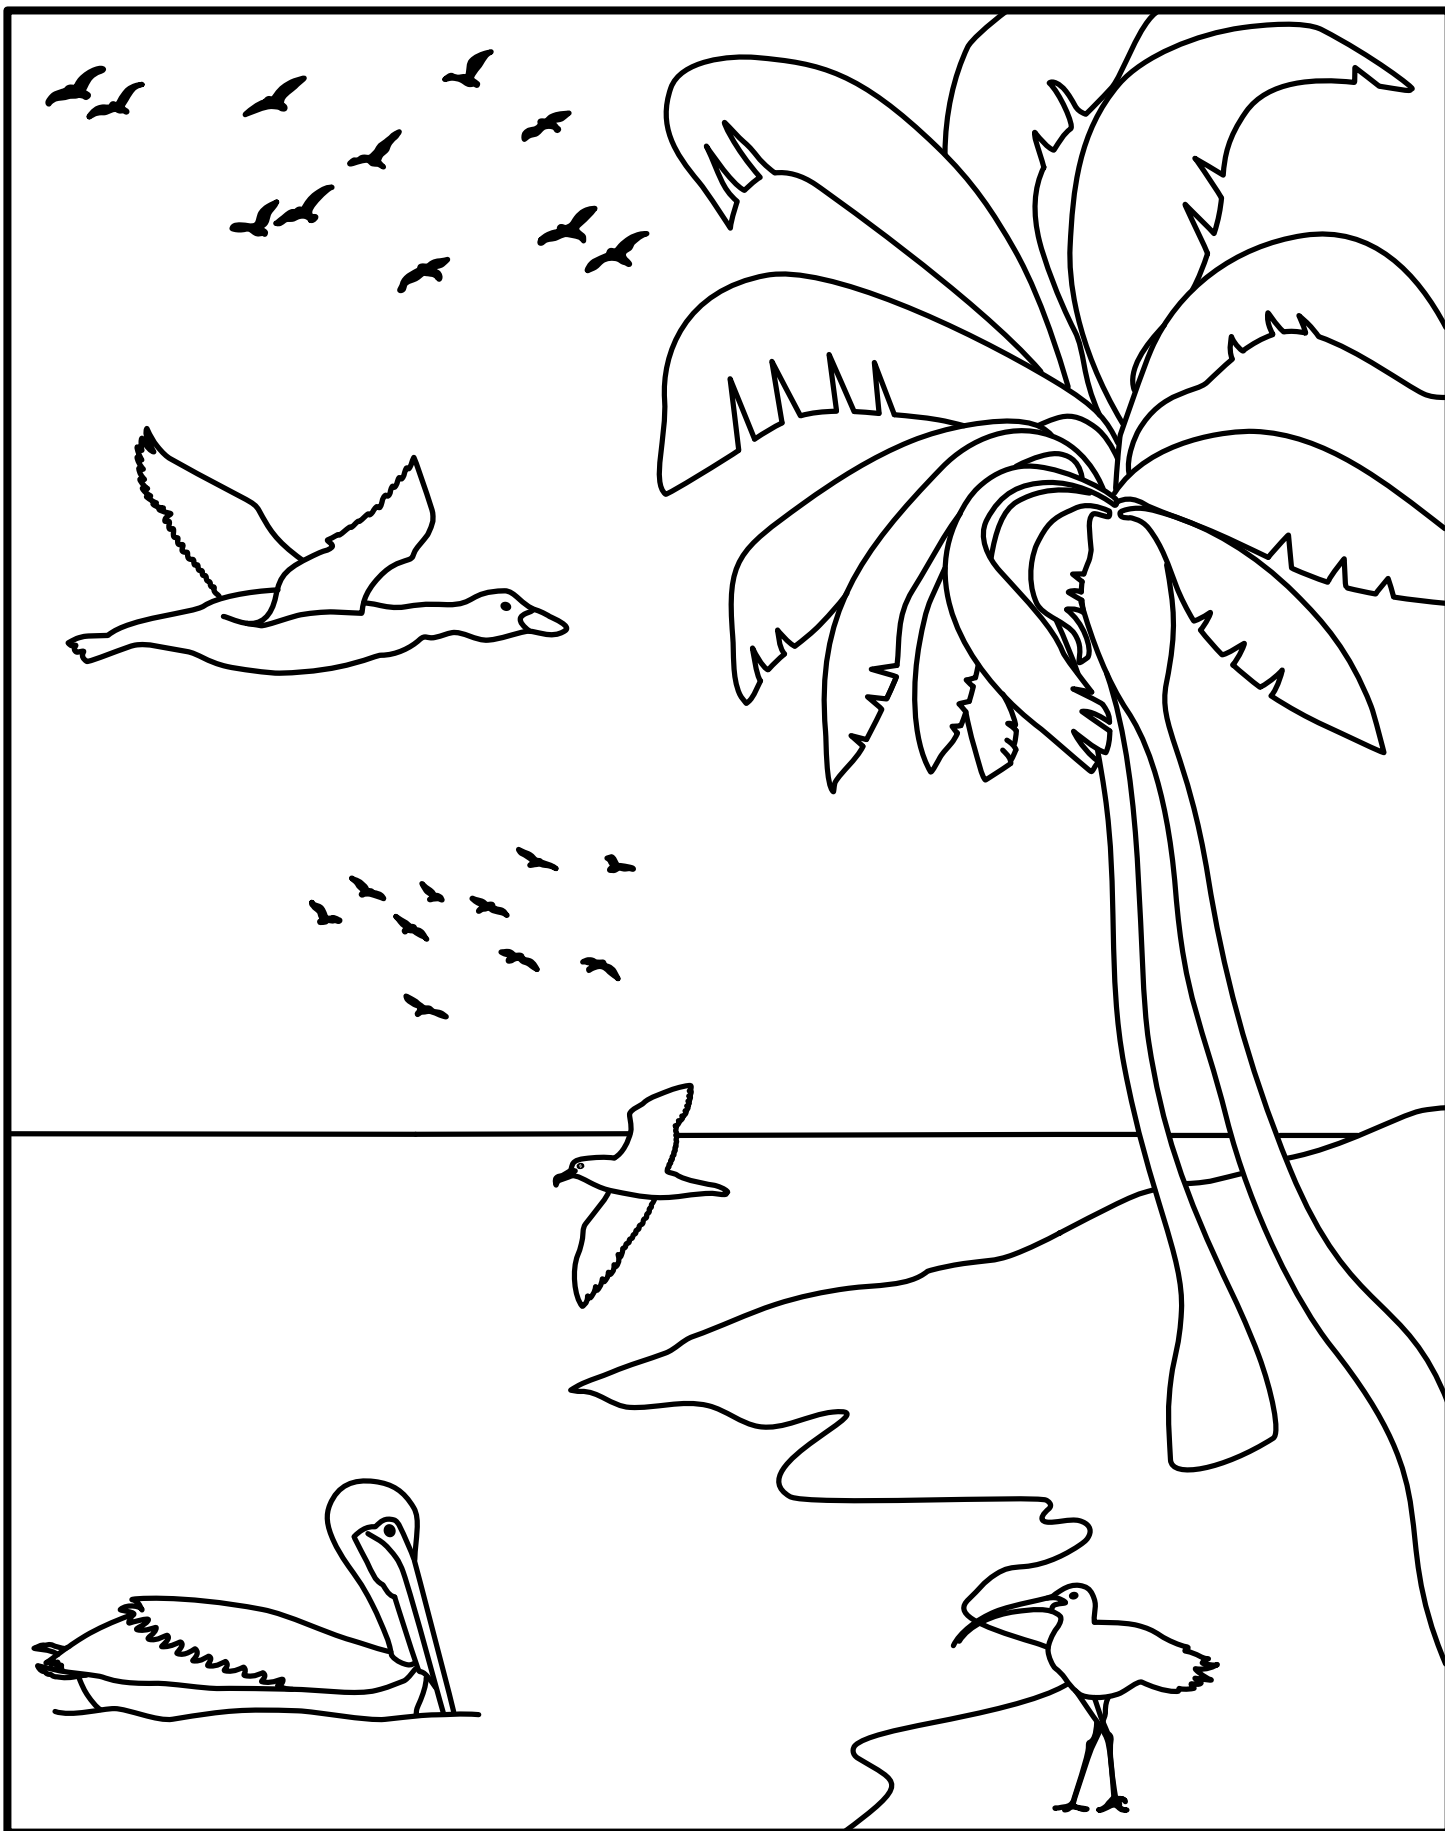

God made plants and trees.

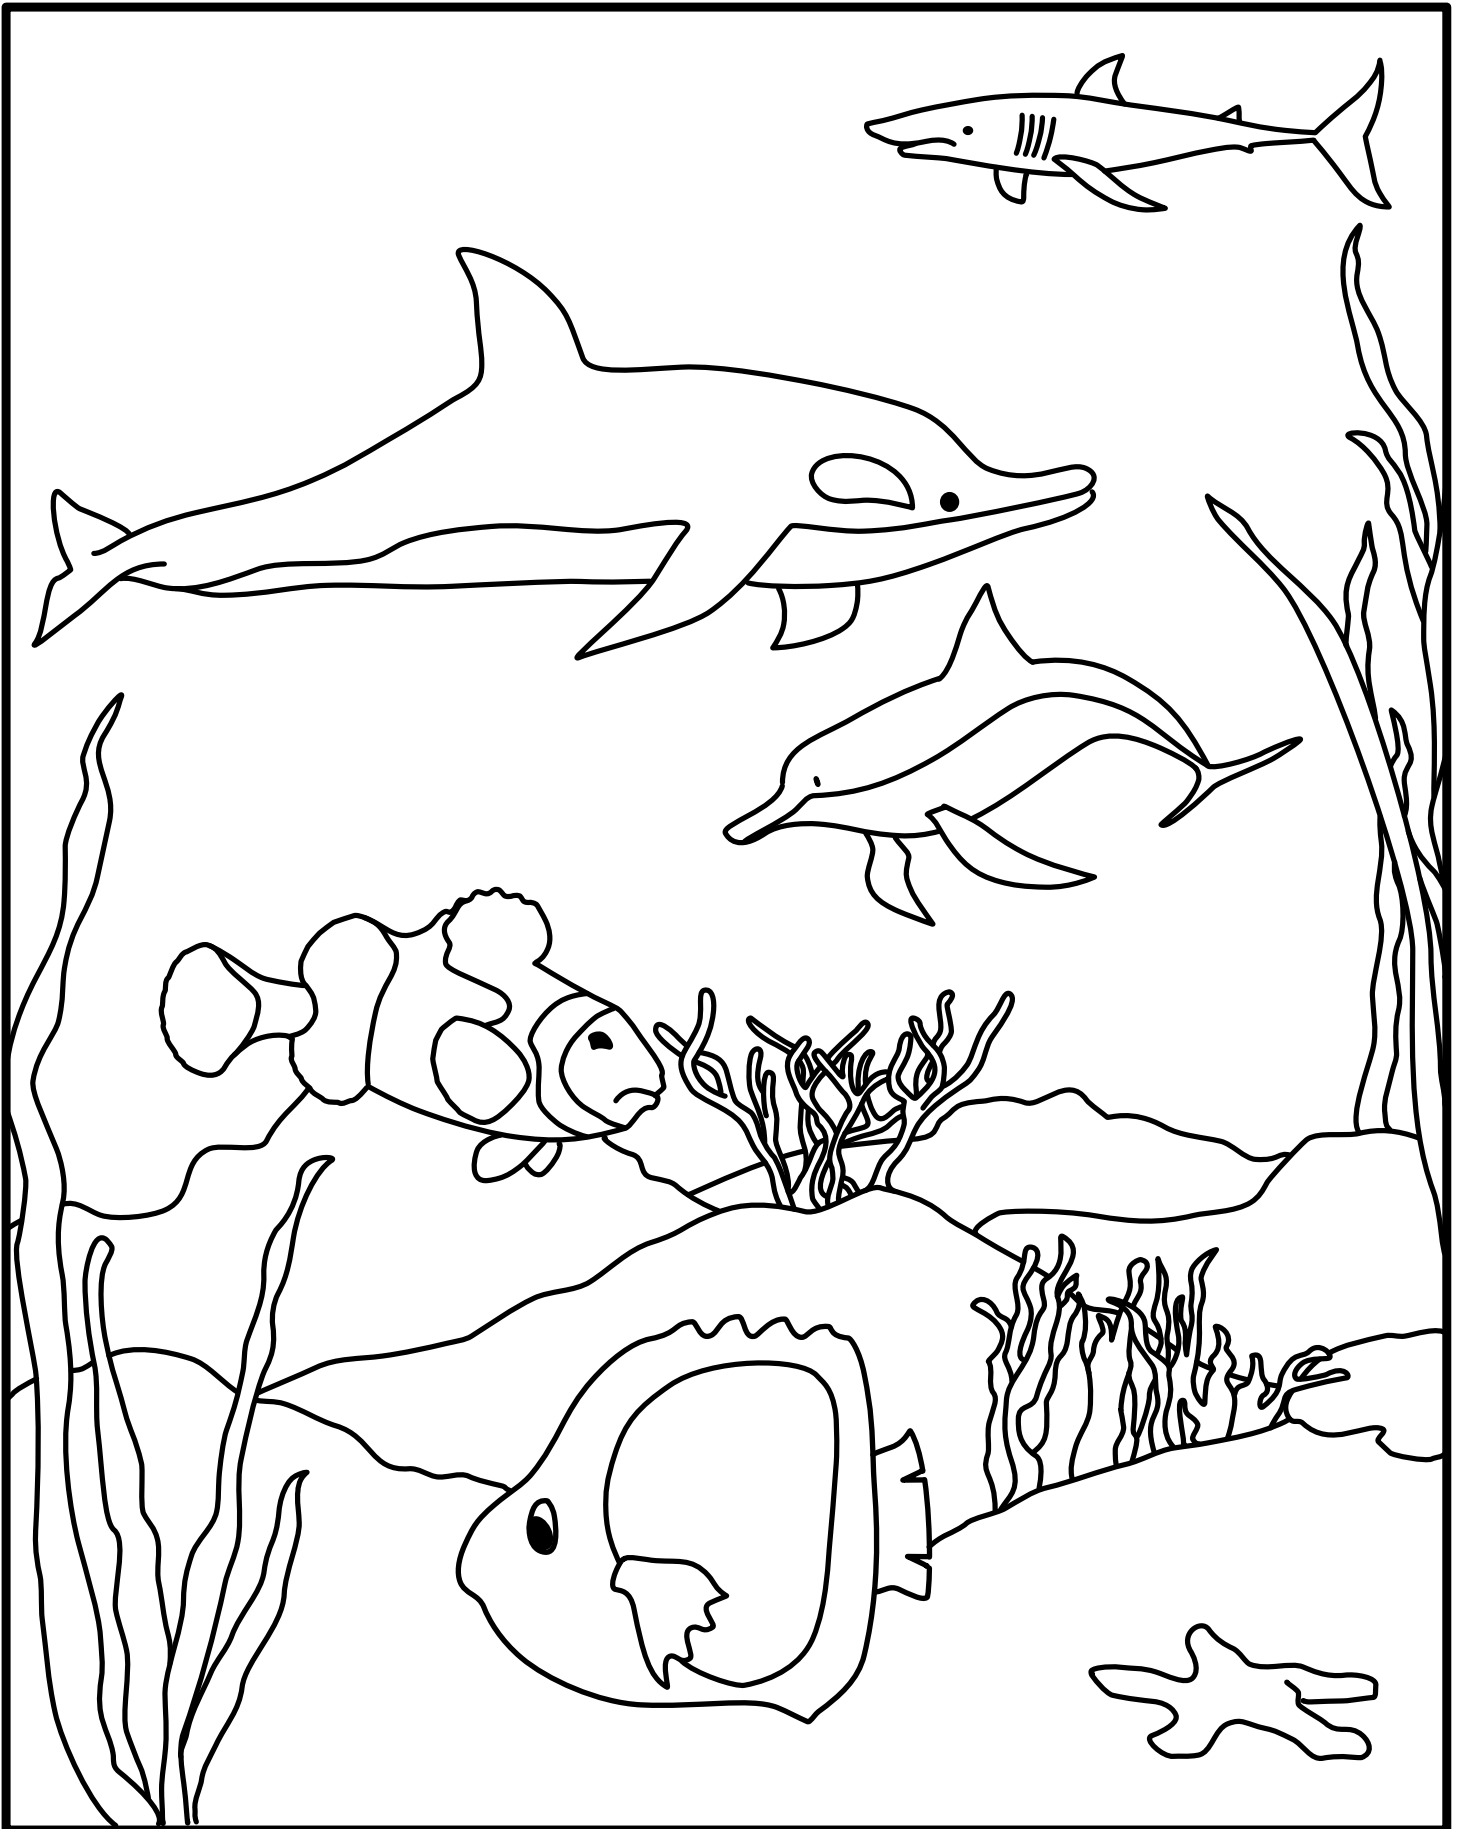

God made the sun and the moon.

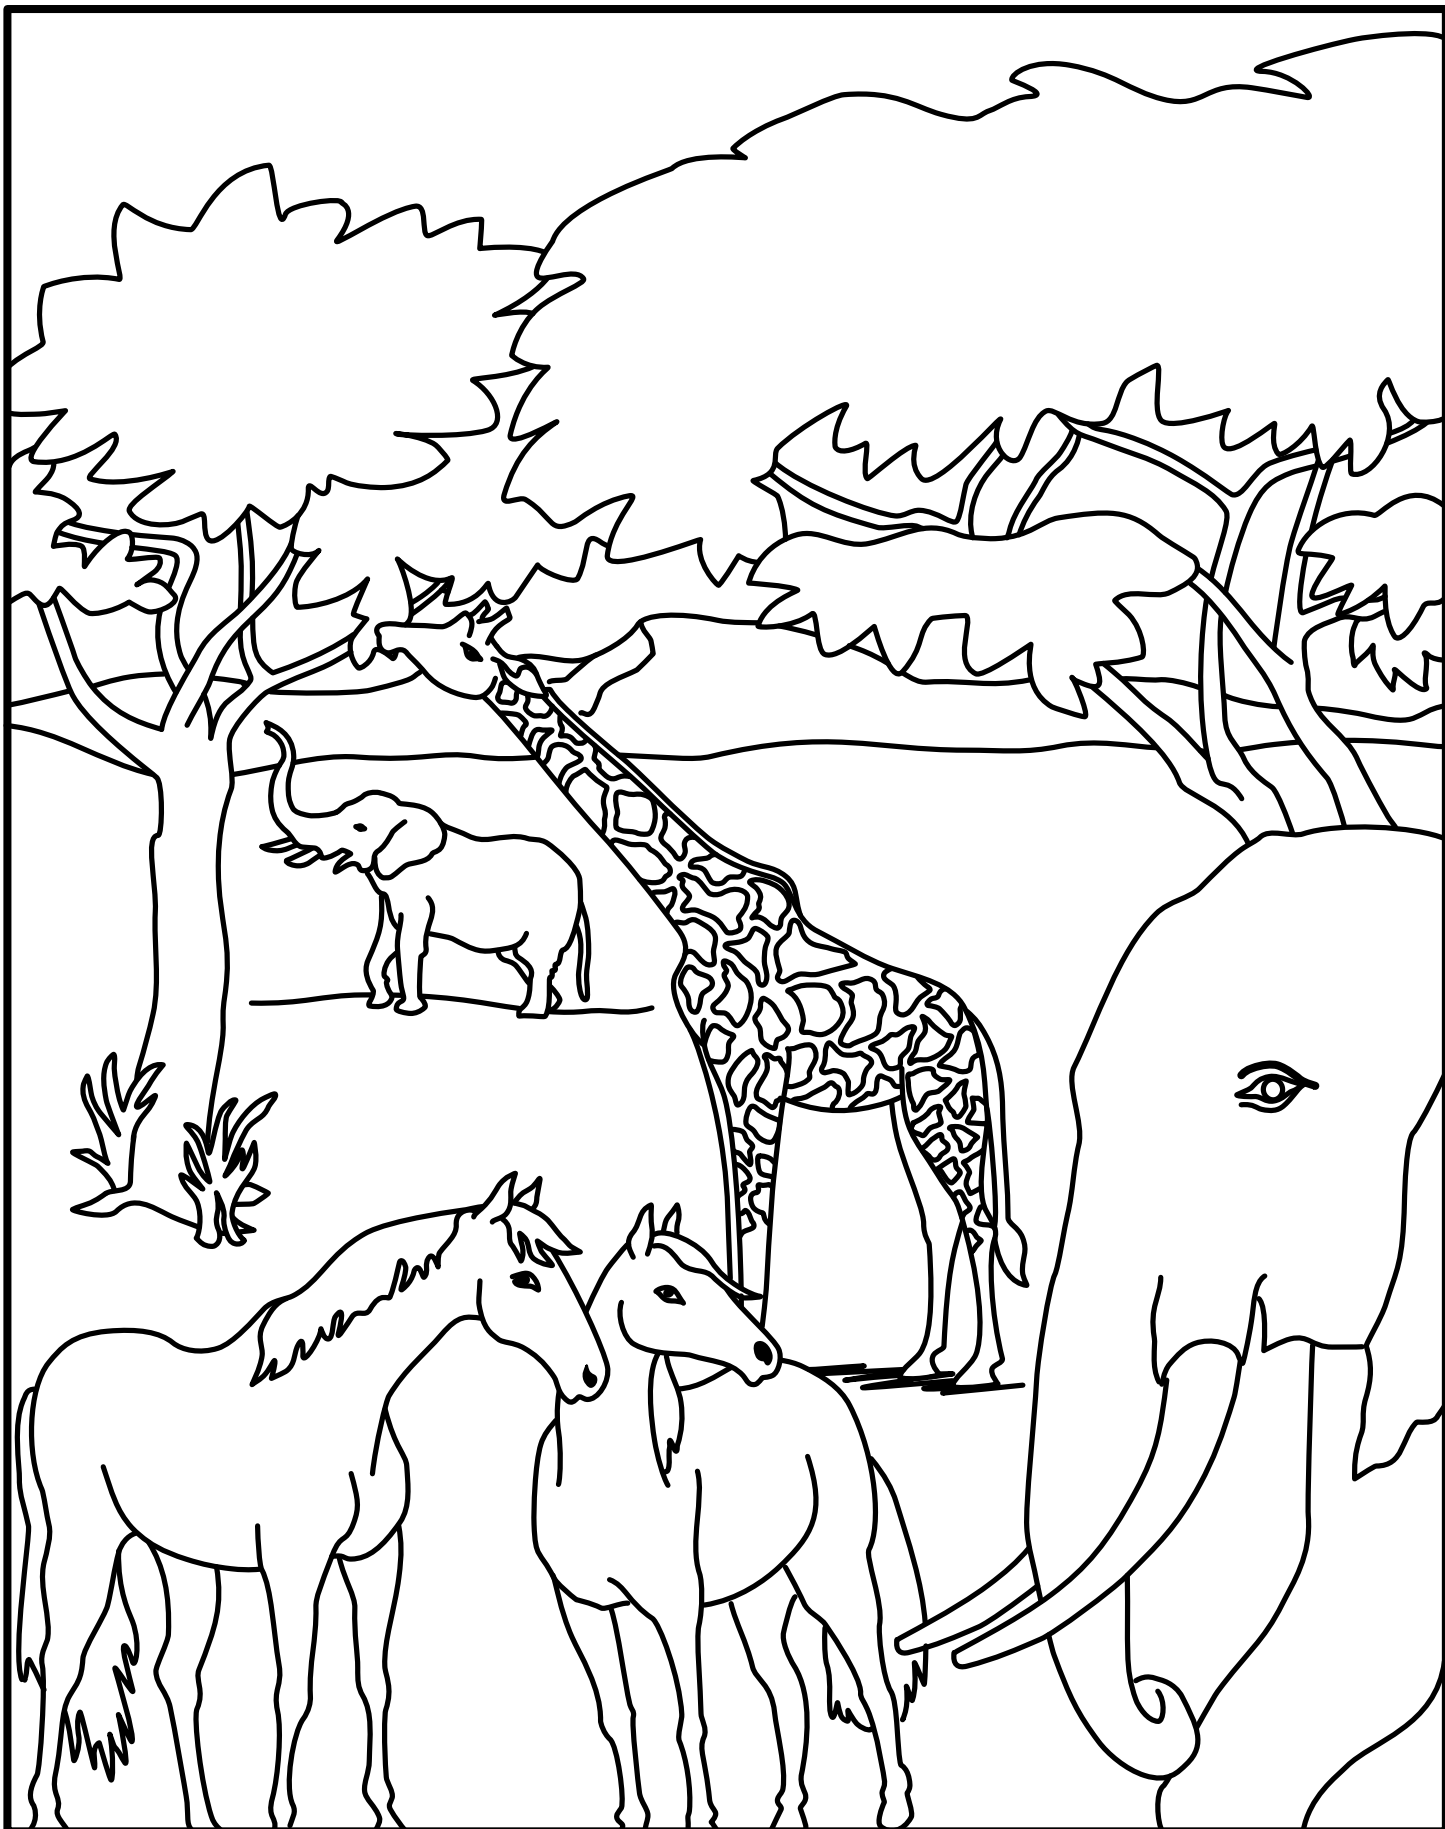

God made the sun and the moon.

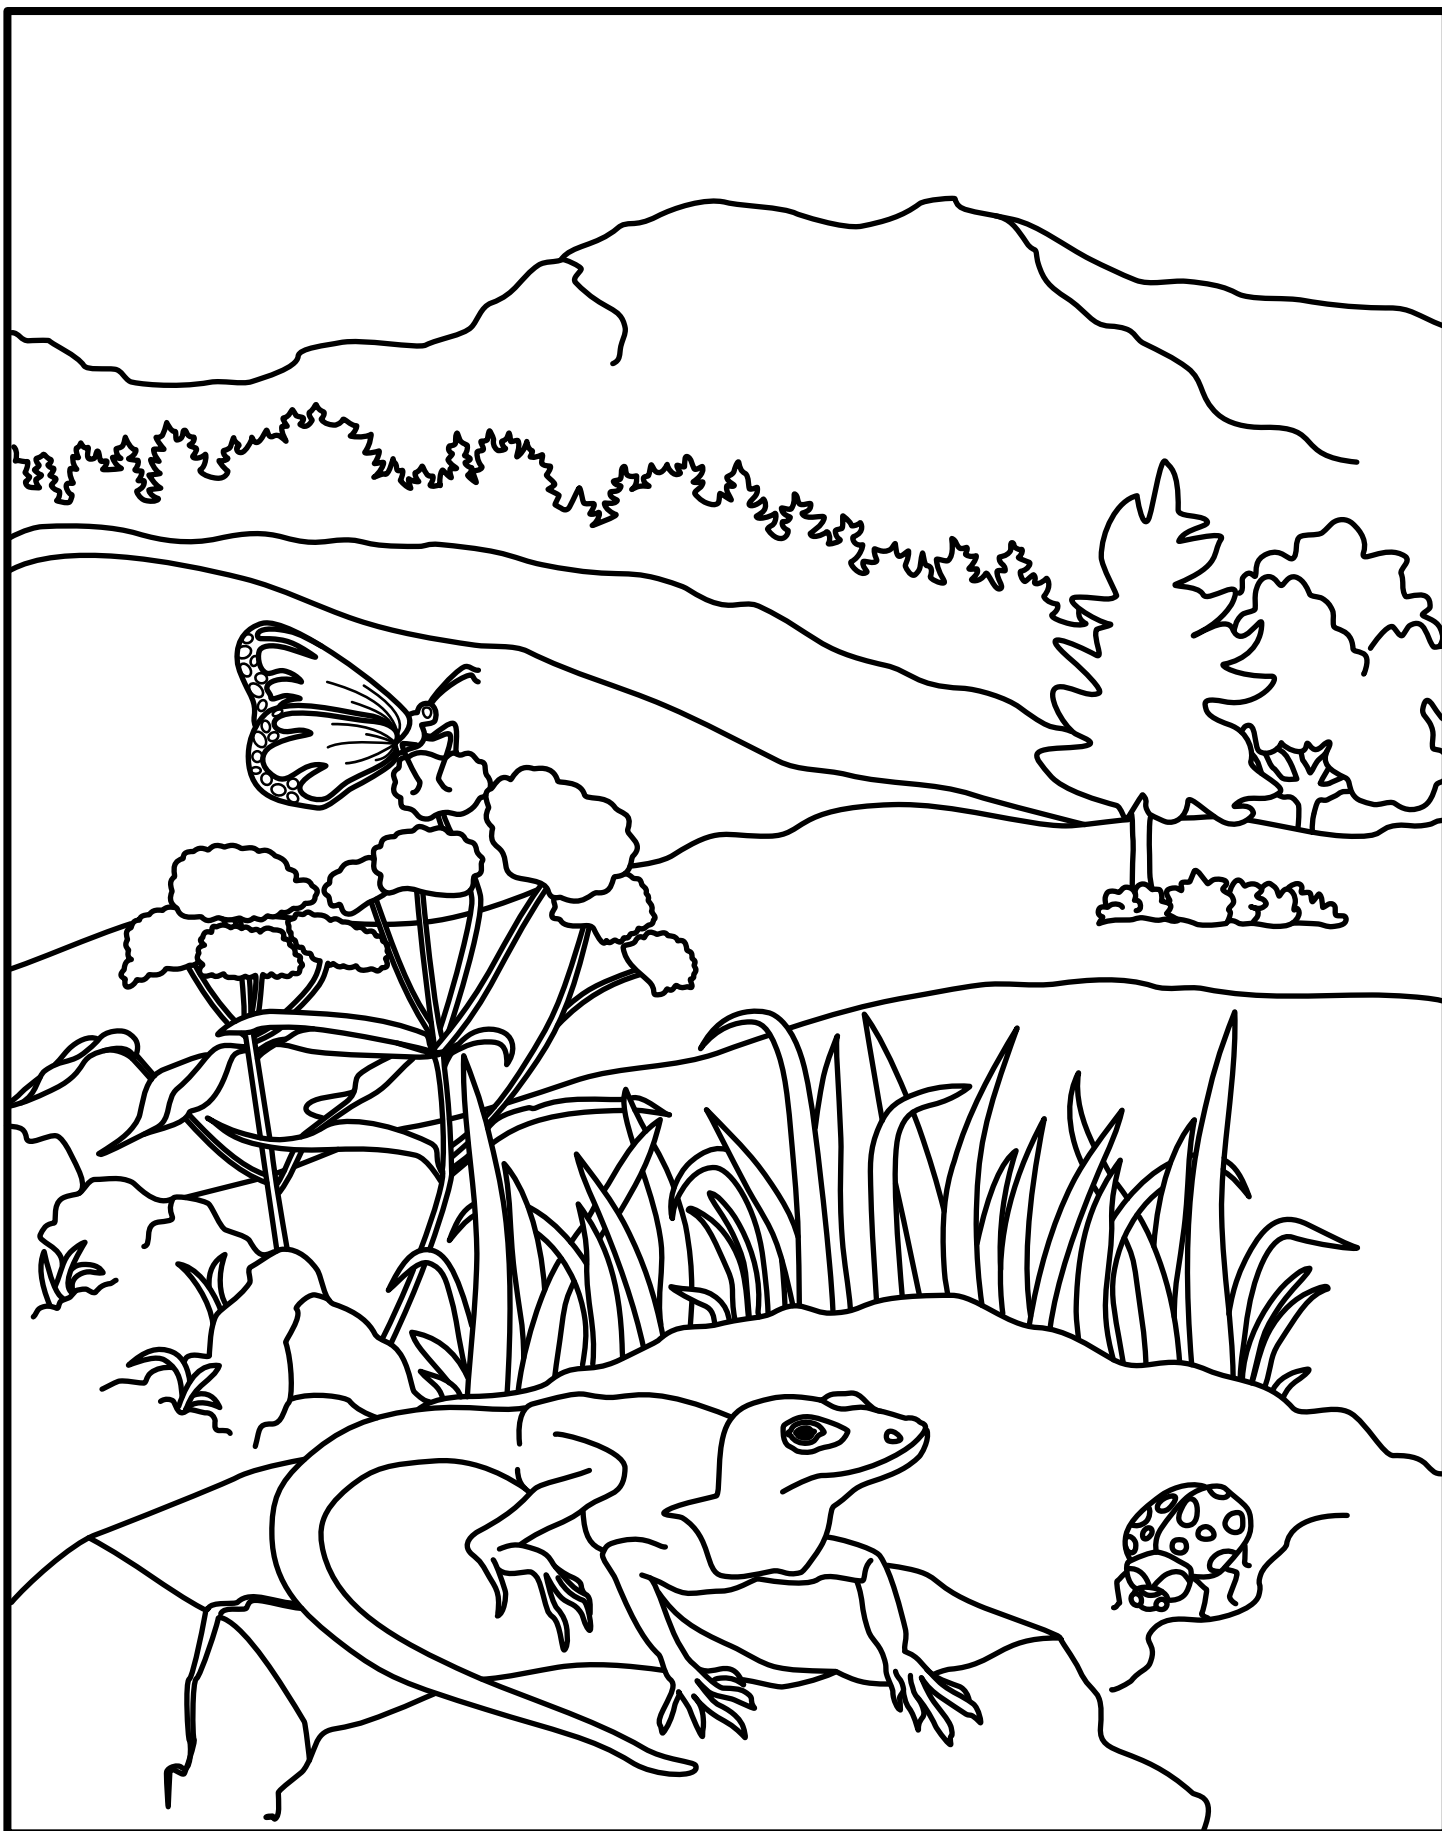

God made the birds in the sky.

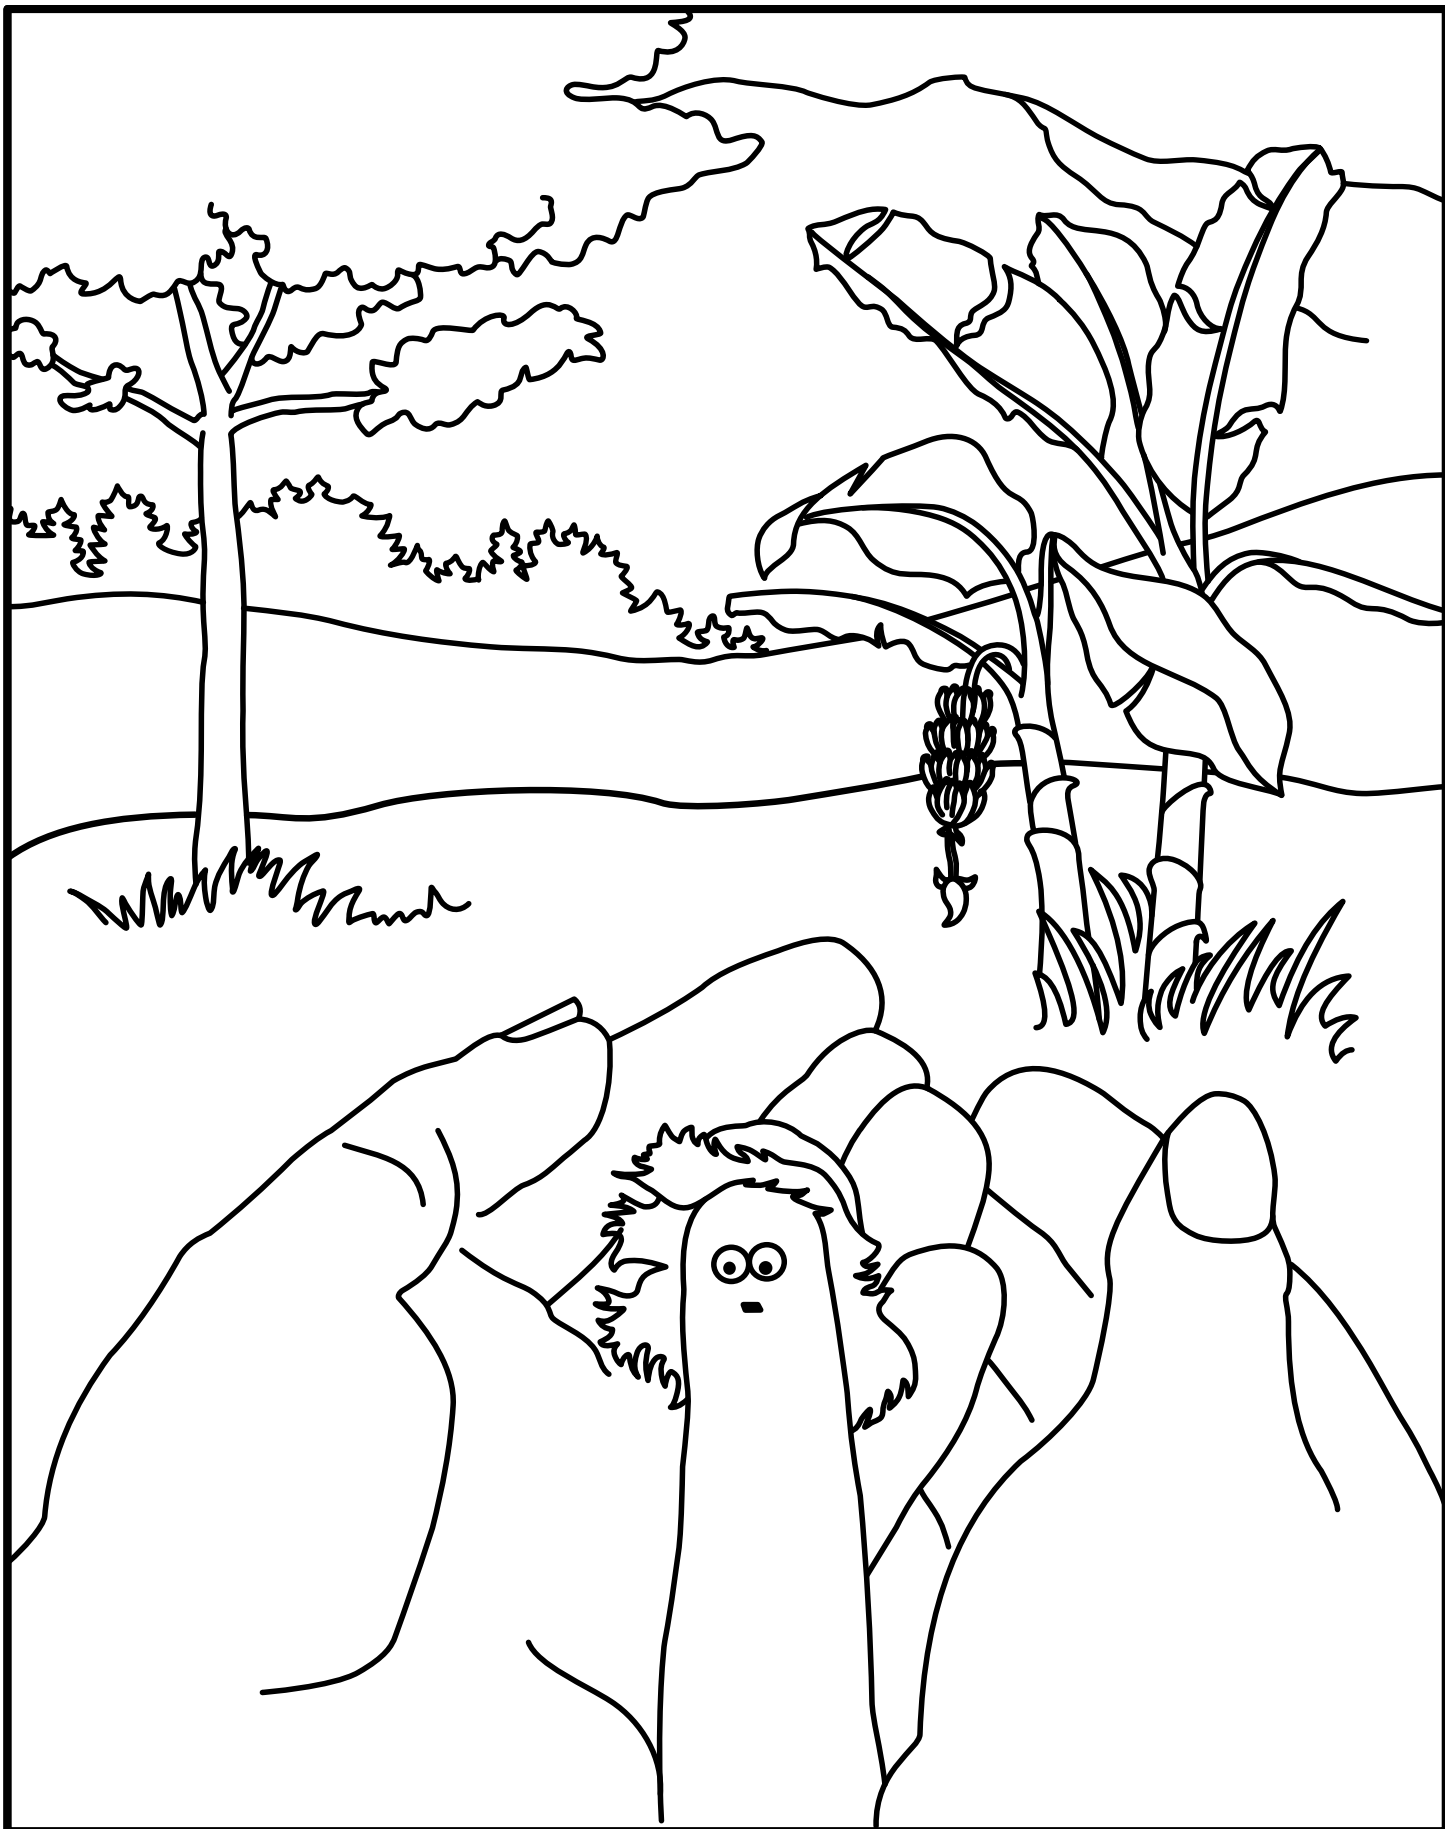

God made the fish in the sea.

God made big animals.

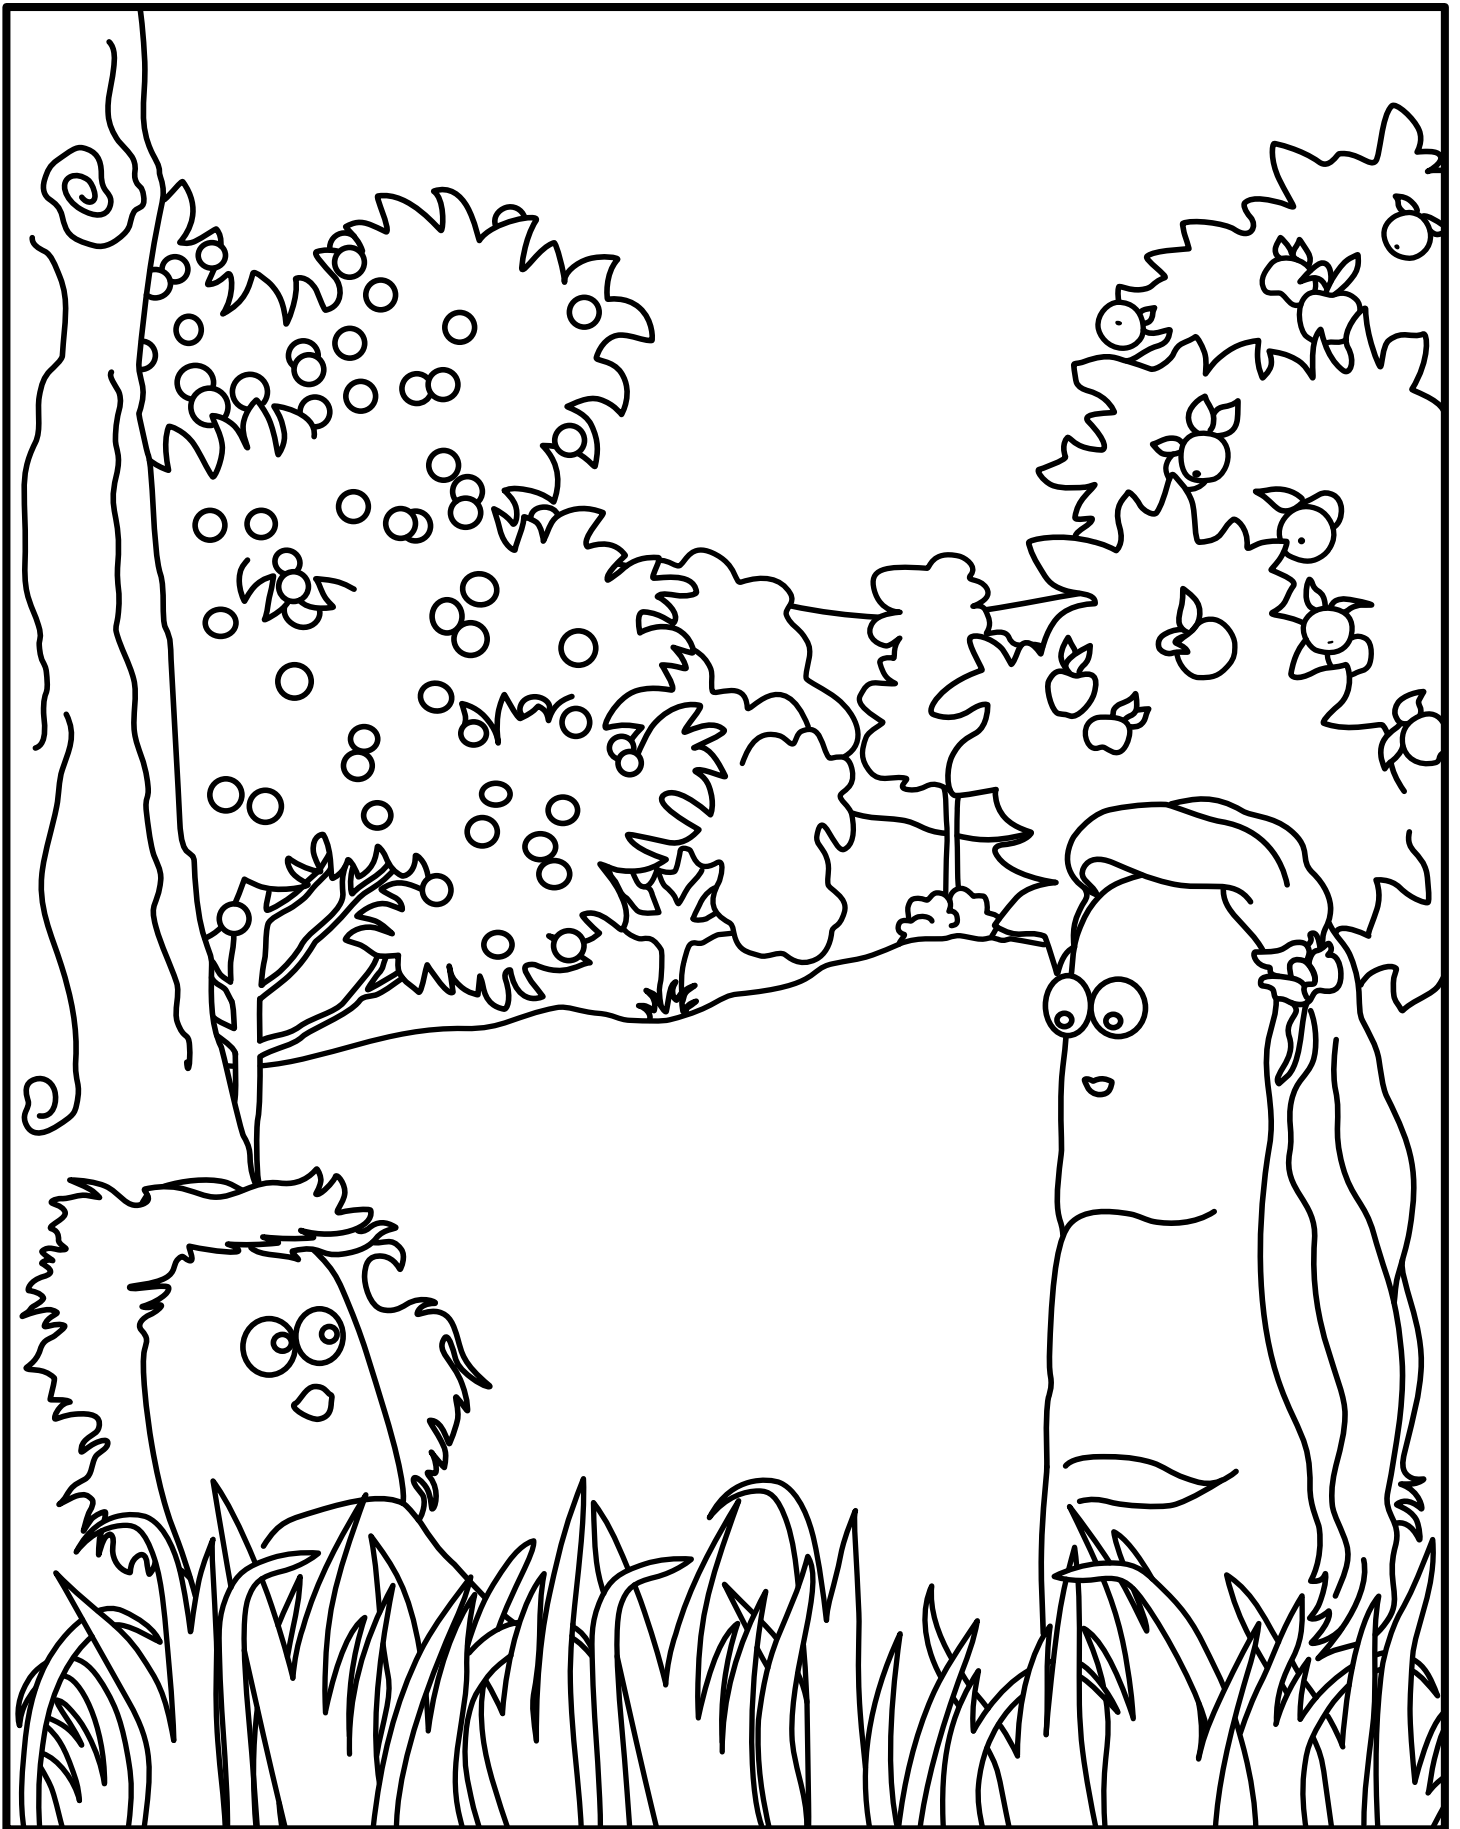

God made small creatures.

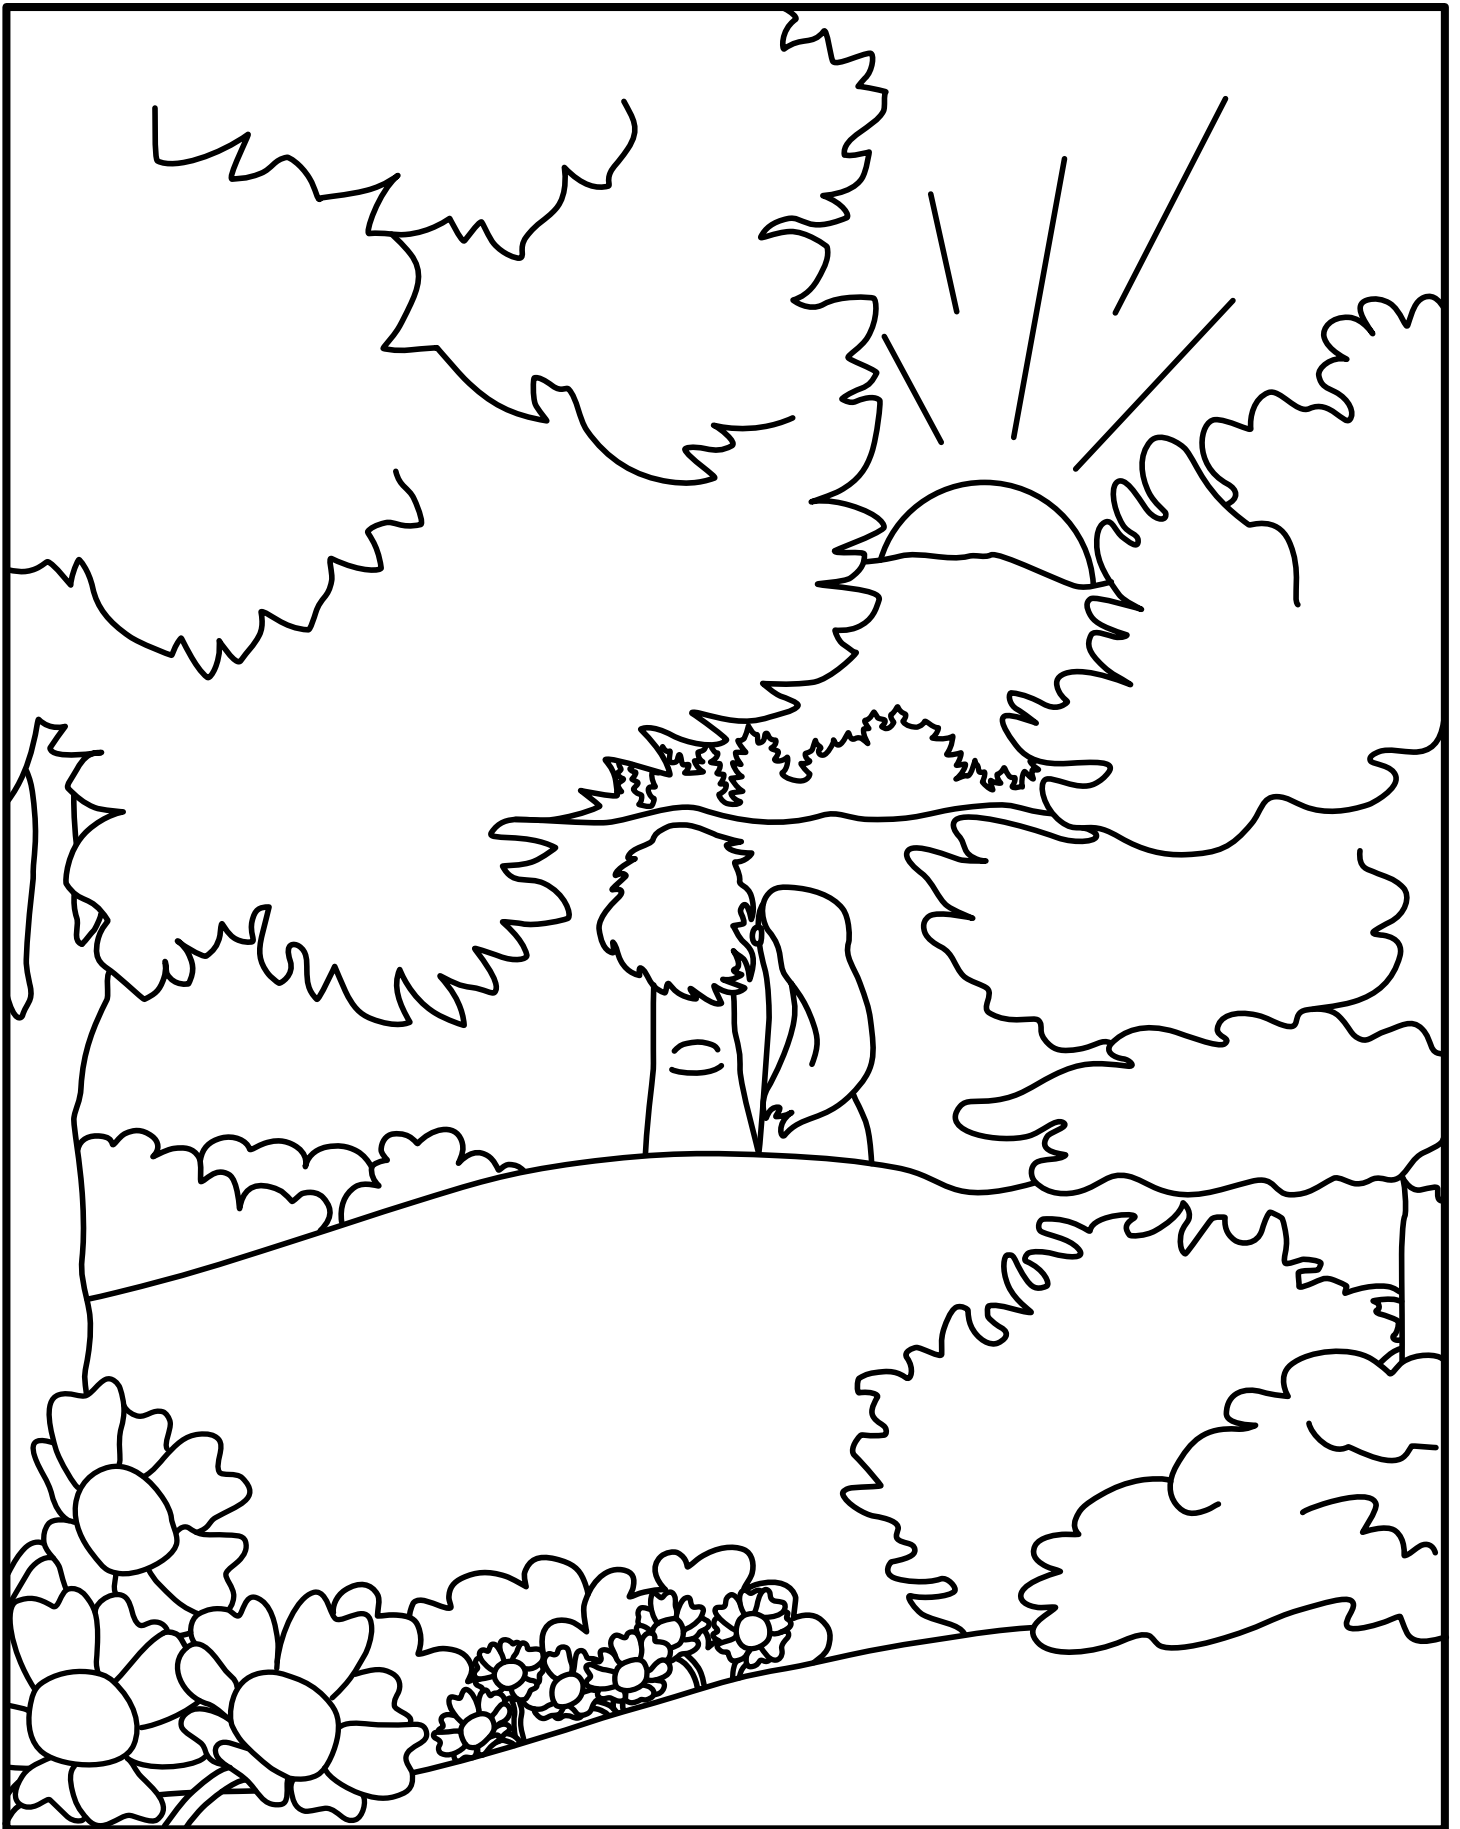

God created Adam. Who created you?

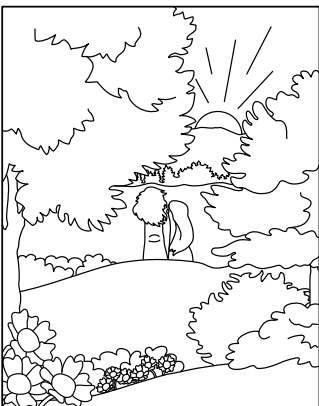

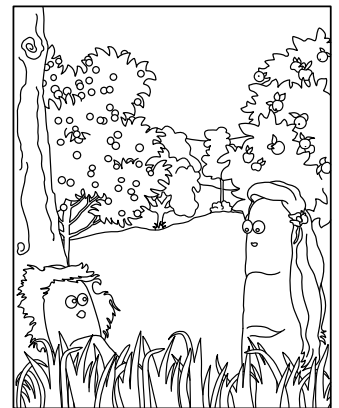

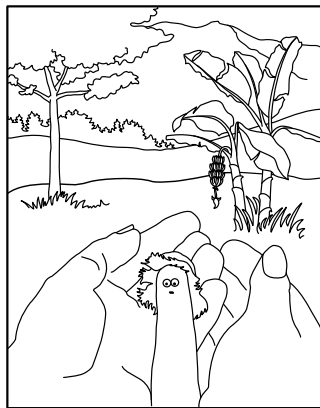

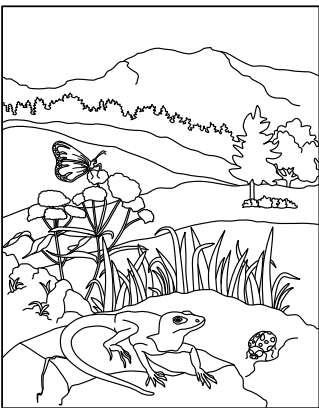

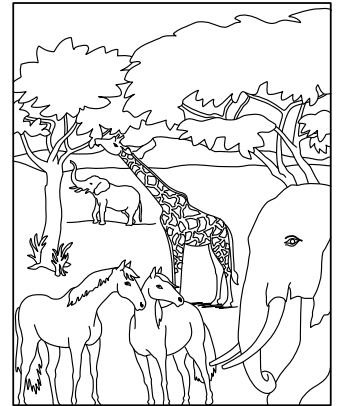

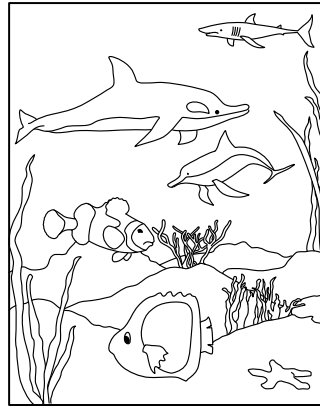

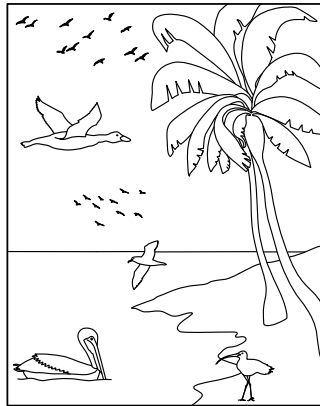

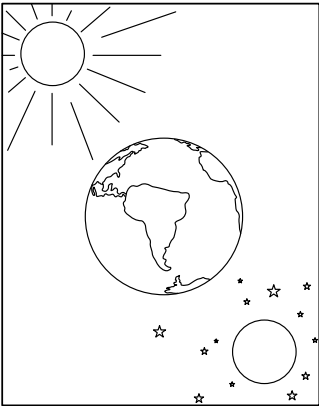

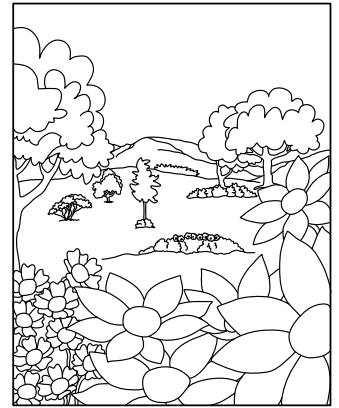

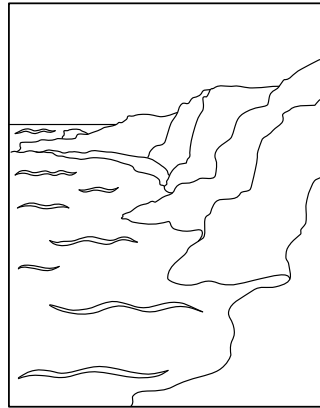

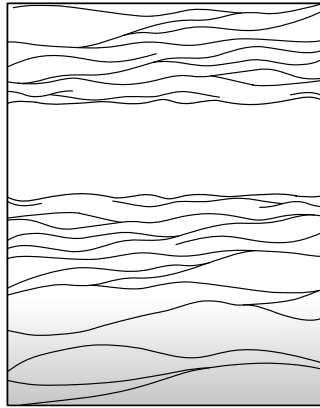

Adam took care of the garden.

Adam needed a companion. God created Eve.

After creating the world, God rested.
