

Little Fingers VBS Craft Project

You will need:

- ▶ Googly eyes, 4 mm diameter
- ▶ A thin black sharpie to draw on the mouth
- ▶ White glue
- ▶ 3" x 1" cloth or felt rectangles for clothes
- ▶ 4" pieces of pipe cleaners for belts
- ▶ Pieces of tissue paper about 10 inches by two inches for turbans. (see pattern below)

3" x 1" rectangle
cut from cloth or felt
1 per child

4"
pipe
cleaner
1 per child
for belt

4 mm eyes
2 per child

Turban
1 per child
cut from
tissue
paper

Step 1 Turban

Pre-cut turbans from different colors of tissue paper. You can make many at a time by folding the tissue paper before you cut.

Drape the tissue over the finger of the child who will be wearing the turban.

Twist both sides next to the finger.

Begin wrapping one side around the finger while continuing to twist it loosely.

Wrap the twisted piece of tissue around the finger, twisting and twirling until you come to the end.

Secure the end of the tissue to the rest of the turban using elmer's glue or a glue stick. (Elmer's glue is more secure.)

Repeat the process with the other side.

Wrap it crossways and around the finger until you come to the end.

Secure the second end with glue.

The finished product should look something like this.

Steps 2-5

Glue the eyes to the finger, close together and right underneath the turban.

Wrap the clothes around the finger and glue them together with a strip of glue in the back.

Wrap the pipe cleaner around the finger and twist it together to secure it as a waist band.

Make a small mouth with a tiny dot, using a black sharpie or pen. If you make the mouth too big with a smiley face it won't look like the real Deditos in the movie.
